Dr. Doan, Daisy, Debbie + the rest
of the staff,

Thank you so much for being so
nice, kind, caring + patient with me.
I was going through a bad time back
in November when I was originally
scheduled for surgery. I apologize for
all of my questions + being so nervous
then.

Yesterday was a good experience! You
took great care of me + I woke up
from surgery feeling wonderful! I am
very happy with the results + I feel
pretty good.

Thanks again for your kindness.

Sincerely,
